## Track Mounted AR111 Retrofit

LX2-ARE-O

### Applications

MidiMax AR111 is an accent light designed for use with AR111-shaped retrofit lamps. MAX is a family of gracefully proportioned cylinders designed for low to very high ceilings.

### Features

- Signature Low Aperture Brightness: Expertly engineered optical system produces extremely low aperture brightness, desired by museums, galleries, and other architectural applications
- A concealed swivel provides 385° horizontal rotation and 0-90° tilt. The swivel is permanently tensioned, allowing the luminaire to remain fixed at the desired angle
- Seamless one-piece anodized aluminum housing for lightweight durability and a clean appearance

**Complete Family** | Standard (LX2-ARE-O)

**SDCM** | 2-Step MacAdam Ellipse

**Finish** | White, Black, Silver, RAL

**Voltage** | 120V

**Lifetime** | L70 at 50000 Hours

**Listing** | cSAus, c-UL-us

**BK SW**  
**SI SB**  
**RAL**

**Note:** All extra optical accessories, aperture assemblies, and optics can be ordered separately. Check [EPL Website](#) for ordering nomenclature.

### Controls Options

- Includes a dimmable electronic transformer
- Can be specified with an on/off rocker switch on top of the fixture, for use on 120V track only

### Track Adaptor – Fully Concealed, Durable Locking

- Stainless steel clips lock fixture into our specially designed track systems. Two 'click' sounds indicate the fixture is secured into the track system
- Clips bite into aluminum, giving extremely durable ground connection
- Edison Price Lighting track systems are designed to completely conceal the adaptor for a clean profile
- Adaptors are shipped standard with all track fixtures. A Eutrac track adaptor can be used for mounting to Eutrac; 0-10V and DALI compatibility available. Contact factory for details

### Seamless Installation

Fixtures may be configured to mount to any Edison Price Lighting recessed, suspended, surface-mounted track systems: [Sightline](#), [Highline](#), [Upline](#), [Autobus](#), [Eutrac](#), and [Unicep](#).

### Anodized Construction

Heatsink is fabricated from extruded aluminum then undergoes a meticulous anodization process for a permanent and beautiful finish – increasing corrosion and heat resistance for long-lasting durability.

### Carefully Applied, Low-VOC Finish

All Edison Price Lighting track fixtures are painted standard in the Edison Price Lighting factory with low-VOC water-based paint. Unlike hazardous solvent-based paint, low-VOC (volatile organic compounds) paint diminishes the release of toxic fumes – enhancing air quality and occupant health.

### Driver

Luminaire is cSAus-listed for mounting on Edison Price Lighting 120V or 277V track.

### Warranty

Five-year warranty not including providing extraordinary means of access, such as scaffolding or lifts, to service our products.
