

Magic Wand

Track Mounted MR16 LED Wallwasher

MW-MRE-W

W

Applications

Magic Wand MR16 wallwasher is designed with the extraordinary ability to make small spaces feel larger. Magic Wand is a family of petite and discreet accent, spot, and wallwashers suitable for 10'-12' ceilings.

Features

- A concealed swivel provides 385° horizontal rotation and 0-90° tilt. The swivel is permanently tensioned, allowing the luminaire to remain fixed at the desired angle
- The integral specular reflector and 40° x 70° spread lens produce a floor-to-ceiling, side-to-side wash of light
- Flared socket caps prevent any backsplash of light to preserve a clean, quiet ceiling

Wallwash (W)

- The internal reflector kicks light vertically up to the ceiling line and down to the floor, while the 40° x 70° spread lens extends the beam in two directions
- A uniquely designed lens and precisely spun reflector enables a 1:1 spacing ratio for unparalleled uniformity

Complete Family | Wallwash (MW-MRE-W)

SDCM | 2-Step MacAdam Ellipse

Functionality | Wallwash

Finish | White, Black, Silver, RAL

Voltage | 120V

Lifetime | L70 at 50000 Hours

Weight (lbs) | 4

Note: All extra optical accessories, aperture assemblies, and optics can be ordered separately. Check [EPL Website](#) for ordering nomenclature.

Track Adaptor – Fully Concealed, Durable Locking

- Stainless steel clips lock fixture into our specially designed track systems. Two 'click' sounds indicate the fixture is secured into the track system
- Clips bite into aluminum, giving extremely durable ground connection
- Edison Price Lighting track systems are designed to completely conceal the adaptor for a clean profile
- Adaptors are shipped standard with all track fixtures. A Eutrac track adaptor can be used for mounting to Eutrac; 0-10V and DALI compatibility available. Contact factory for details

Seamless Installation

Fixtures may be configured to mount to any Edison Price Lighting recessed, suspended, surface-mounted track systems: [Sightline](#), [Highline](#), [Upline](#), [Autobus](#), [Eutrac](#), and [Unicep](#).

Anodized Construction

Heatsink is fabricated from extruded aluminum then undergoes a meticulous anodization process for a permanent and beautiful finish – increasing corrosion and heat resistance for long-lasting durability.

Carefully Applied, Low-VOC Finish

All Edison Price Lighting track fixtures are painted standard with low-VOC water-based paint – diminishing the release of toxic fumes – enhancing air quality and occupant health (unlike solvent-based paint).

Driver

Fixture is individually fused and cULus-listed for mounting on Edison Price Lighting 120V track only. Fixture includes an integral electronic transformer.

Warranty

Five-year warranty not including providing extraordinary means of access, such as scaffolding or lifts, to service our products.
