# ARTIMA® 38E O

track mounted PAR 38 LED accent light

## FEATURES

- **Artima 38E O is an accent** which has been checked for fit and initial operation with the following PAR 38 LED retrofit lamps (supplied by others):
  - KETRA S38
  - Soraa PAR38
  - GE PAR38
  - TCP Allusion PAR38, dim-to-warm
  - Additional lamps may be suitable. Contact factory with inquiries.
- **Fixture may be mounted on and powered by any of eighteen 20-amp 120-volt Edison Price Lighting track systems.**
- **The optical assembly for Artima 38 O is a matte black cross-baffle which reduces spill light** and controls lamp brightness. This assembly, and its setting, is entirely undisturbed by relamping.
- **A flared socket cap prevents any backslash of light onto the ceiling.**
- **Artima 38E fixtures provide 385° horizontal rotation and vertical adjustment from 0° to 90°.** Lamp focus can be locked by tightening two collar clamps using a 1/4" hex key.
- **Artima 38E O fixtures accept one or two of a number of [Optical Accessories](#)** including spread lenses, a beam smoother, color filters and light reduction screens.
- **Because their track adapters are entirely concealed within the track, Artima fixtures have an exceptionally clean appearance.** Standard finish is matte white with a white socket lead; also available in black and Industrial Silver matte paint finishes.
- **For more information, [click here](#).**

## APPLICATIONS

Fixture is listed for mounting on Edison Price Lighting 120-volt track only.

For the outlet box mounted version of this fixture, see [Artima 38E O-OBM](#).

### LAMPS BY OTHERS

Edison Price Lighting does not include lamps and does not sell either lamps or their accessories.

### DIMMING

For dimming compatibility consult the lamp manufacturer's website.

### WIRELESS LIMITATIONS

The wireless range of lamped fixtures will vary with lamp and site conditions.
