MAXIMA® 30SE O

track mounted LED PAR30 accent light

- **The optical assembly for Maxima 30SE O is a matte black cross-baffle which reduces spill light and controls lamp brightness.** This assembly is fixed in place for precise aiming and easily removed as a unit for relamping.
- **A concealed swivel provides 385° horizontal rotation and vertical adjustment from 0° to 90°.** The swivel is permanently tensioned, allowing Maxima fixtures to remain fixed at any aiming angle.
- **Maxima 30SE O fixtures accept one or two of a number of [Optical Accessories](#)** including spread lenses, a beam smoother and color filters.
- **Maxima fixtures have seamless aluminum housings** for lightweight durability and cast aluminum tops for heat dissipation. Because their track adapters are entirely concealed within the track, Maxima fixtures have an exceptionally clean appearance. Standard finish is matte white; also available in black and Industrial Silver matte paint finishes.
- **For more information, [click here](#).**

Lamps By Others

Edison Price Lighting does not include lamps and does not sell either lamps or their accessories.

Dimming

For dimming compatibility consult the lamp manufacturer's website.

For the outlet box mounted version of this fixture, see [Maxima 30E O-OBM](#).

Maxima 30SE O is an accent light which has been checked for fit and initial operation with the following PAR-30 (short neck) retrofit LED lamps:

- Sora PAR30S
- Green Creative PAR30 Short neck
- Contact factory with additional lamp inquiries

Fixture may be mounted on and powered by any of eighteen 20-amp 120-volt Edison Price Lighting [track systems](#).
