FREEPOINT™ FEATURES

48V Flexible Recessed System: Offers a flexible and easy-to-integrate solution for various optical modules, enabling product re-use and low-cost light replacement.

Easy Assembly and Disassembly: Simplifies installation and maintenance with user-friendly assembly and disassembly features.

DALI-2 Compatibility: Supports advanced DALI-2 dimming protocols for enhanced lighting control.

Variety of Lighting Options: Includes single-hole spotlights, linear lights, and decorative lights, offering a wide range of lighting possibilities.

Trim-less Recessed Installation: Provides a clean, seamless look in ceiling installations.

Robust Construction: Features easy electrical connection, a strong base for light modules, and a load-bearing buckle supporting up to 10kg.

Optics Customization: Offers a choice of 23 professional optics, enabling tailored lighting solutions for different applications.

DESCRIPTION

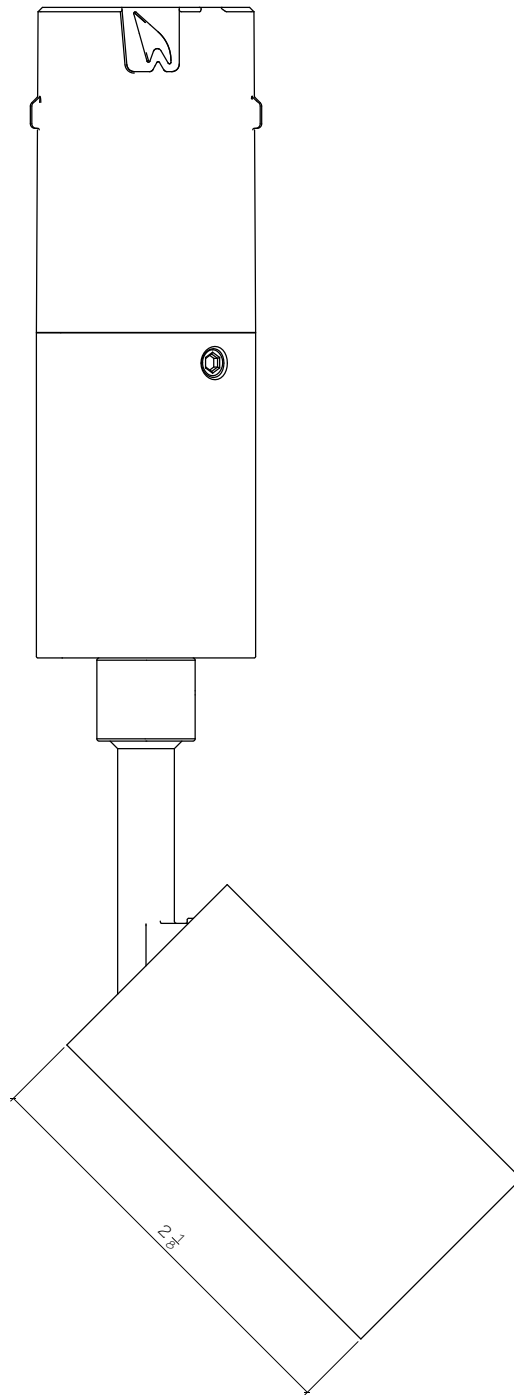

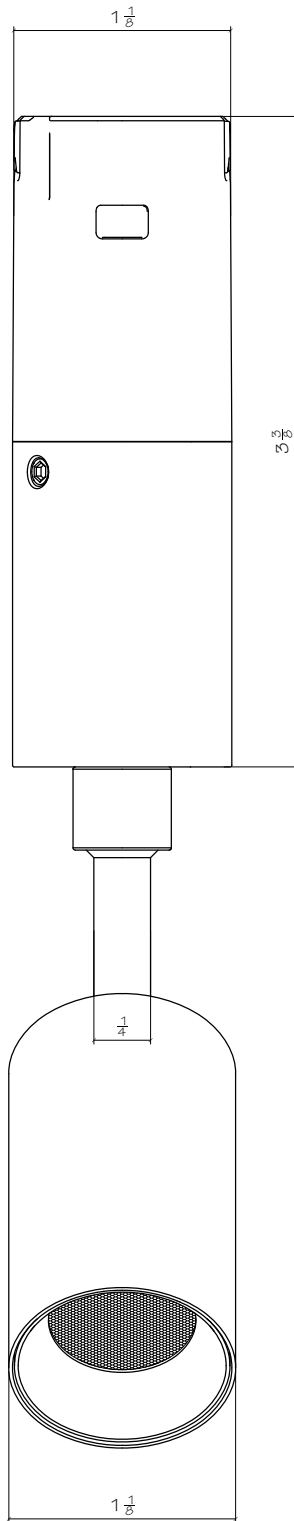

Step into the world of FreePoint, where lighting isn't just about seeing, it's about feeling. Our 48V recessed system is more than just a collection of lights – it's a canvas for your imagination. From the sleek elegance of our spotlights to the warm glow of our decorative lights, FreePoint is designed to blend seamlessly into your life, enhancing every space with a touch of sophistication.

Crafting Light, Creating Atmosphere.

Ø1.18" Round Neon Pendant

FREEPOINT™ FEATURES

48V Flexible Recessed System: Offers a flexible and easy-to-integrate solution for various optical modules, enabling product re-use and low-cost light replacement.

Easy Assembly and Disassembly: Simplifies installation and maintenance with user-friendly assembly and disassembly features.

DALI-2 Compatibility: Supports advanced DALI-2 dimming protocols for enhanced lighting control.

Variety of Lighting Options: Includes single-hole spotlights, linear lights, and decorative lights, offering a wide range of lighting possibilities.

Trim-less Recessed Installation: Provides a clean, seamless look in ceiling installations.

Robust Construction: Features easy electrical connection, a strong base for light modules, and a load-bearing buckle supporting up to 10kg.

Optics Customization: Offers a choice of 23 professional optics, enabling tailored lighting solutions for different applications.

Single-Hole Linear Module (Wall Wash Lens)

FREEPOINT™ FEATURES

48V Flexible Recessed System: Offers a flexible and easy-to-integrate solution for various optical modules, enabling product re-use and low-cost light replacement.

Easy Assembly and Disassembly: Simplifies installation and maintenance with user-friendly assembly and disassembly features.

DALI-2 Compatibility: Supports advanced DALI-2 dimming protocols for enhanced lighting control.

Variety of Lighting Options: Includes single-hole spotlights, linear lights, and decorative lights, offering a wide range of lighting possibilities.

Trim-less Recessed Installation: Provides a clean, seamless look in ceiling installations.

Robust Construction: Features easy electrical connection, a strong base for light modules, and a load-bearing buckle supporting up to 10kg.

Optics Customization: Offers a choice of 23 professional optics, enabling tailored lighting solutions for different applications.

RA-HR40 — BASE MODULE

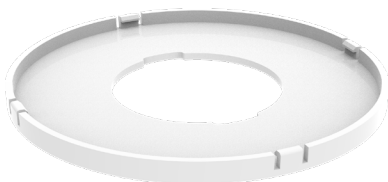

Material	PC+ADC12
Finish	Black
Aperture Size	Ø42mm
Input Voltage	DC48V
Rated Power	150W
Rated Current	3A

TB-02 — QUICK CONNECTOR

Material	PA6
Size	L38xW9.4xH10.5mm
Acceptable Wiring	0.5-4MM ² (Solid Wire); 0.5-2.5MM ² (Stranded Wire)
Rated Voltage	250V/600V
Rated Current	32A

CV-HR40 — RECESSED COVER

Material	PC+ADC12
Finish	Black
Aperture Size	Ø42mm
Input Voltage	DC48V
Rated Power	150W
Rated Current	3A

SKETCH YOUR OWN CONFIGURATION (for reference only — no one's expecting Picasso)
